Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

DISCRIMINATING LADIES.

Enjoy Using Herpelide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it always that itching which dandruff will cause. Newbro's Herpelide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelide Co., Detroit, Mich.

An automobile party, composed of Mr. and Mrs. A. M. Canfield and Mr. and Mrs. C. M. Canfield, en route from Berea, Ky., to Louisville, O., met with an unfortunate mishap last night in this city. In rounding into Market street at Lovel's corner the lights on the machine glared and deceived Mr. Canfield, who mistook the Esplanade for a paved street and drove his auto at full tilt against the Esplanade. Fortunately no one was hurt, but the automobile was put out of commission with several broken parts. The machine is now in the repair shop at Kirk & Kirk's.

Another corn and tobacco producing rain fell here last afternoon. It was worth dollars to the farmer.

MADE IT A LIFE STUDY

Dr. J. S. Leonhardt Found the Cause and Cure of Piles.

Dr. J. S. Leonhardt, the celebrated specialist of Lincoln, Neb., proved, after years of study, that the cause of piles is internal—bad circulation. Then he perfected Hem-Roid, an internal remedy, and in 1,000 different cases it cured 98%. By Dr. Leonhardt's order, Hem-Roid is sold under an iron-clad guarantee. If it fails the money is paid back.

"B. H. CABIN"

Replaces Broshears Station Below Maysville—Three Operators at Work in New Tower

The new telegraph tower on the C. and O., East of Lawrence creek, is completed, occupied and named "B. H. Cabin."

The local stop of passenger trains will hereafter be at the Cabin instead of at the old Broshears Station, which has been discontinued.

There are three operators at the B. H. Cabin and the service will be continuous, as at the Fairgrounds Tower. Messrs. Rice, Poe and Mefford are in charge of the tricks, working 8 hours each.

The Dover office will be cut to one operator, who will be the Agent, and Matt Thompson will continue on the Dover job. C. B. Black, night operator at Dover, is to be transferred to some other office, probably B. H. Cabin.

It will be several weeks before the interlocking switches are completed above Lawrence creek. A large force of men are now pushing the work.

The entire work of constructing the five miles of double track will cost over \$100,000.

Augusta Chronicle.

It is the intention of the C. and O., so we are informed, to build a tower near the foundry, in which the telegraph operators will be stationed, doing away with the office at the depot. This move is made so that the side track in the heart of the city will not have to be used, necessitating the cutting of the crossings every time the trains go on the side track. According to the estimates, the new side tracks, with what is now in use at the above mentioned points, will hold ninety cars.
